

Smarter Workforce Management

Efficiently schedule and deploy your workforce to client sites, surpass customer expectations, and enhance your business performance.

BOOK A DEMO

www.easyroster.net | info@easyroster.net

Why EasyRoster?

EasyRoster helps you to:

- » Roster and post the correct number of staff, of the correct grade, to the correct site
- » Increase profitability by limiting overtime and non-productive time
- » Guarantee that your clients get the service that they are paying for
- » Forecast costs and postings accurately
- » Automate payroll by exporting calculated wages, based on attendance

Cloud-Based Platform

- » Access anywhere, anytime via any modern web browser
- » Reduced computing costs (servers, backups and more)
- » Enhance operational insights across multiple sites in real time

Mobile App

- » Time & Attendance, using GeoLocation
- » Offline mode - accessible with or without data, airtime or connectivity
- » Employee self-service functionality (leave applications, rosters, attendance & pay queries)
- » Real-time view of current postings helping managers to ensure that all site requirements are met

Key Benefits

- » Wage calculations in real-time
- » Comprehensive administrative, operational, financial, contract and human resource management reporting
- » Flexible business rules regarding wage calculations and attendance
- » Accurate leave tracking based on attendance
- » Document Library
- » Data import utilities
